## Comparison of Domestic Peers in the Industry

Company	CMP (In Rs.)	EPS (in Rs.)	RoNW (in %)	Revenue (Rs. In Crores)	PAT (Rs. In Crores)	PE ratio	NAV per share
<b>Pidilite Industries Ltd.</b>	2,275.7/-	24.48	10.43%	11,617	1,257	92.96	128.12
<b>Asian Paints Ltd.</b>	2,738/-	38.81	13.19%	33,594	3,811	70.54	142.37
<b>Kansai Nerolac Paints Limited</b>	419	7.51	6.54%	7,346	391	55.79	81.61
<b>Mcon Rasayan Ltd</b>	40/-	5.48	18.74%	13.04	0.856	7.29*	24.37

\*PE calculation is based on pre-money valuation.

- In the construction chemical market industry, some major key players are Asian Paints, Astral Adhesives, Ultratech Cement Ltd. (Building Material Division), and Pidilite Industries Ltd.
- These players have established themselves through strong branding, marketing, and distribution for more than 2 decades.
- These players have a portfolio of niche products that are used in the application for different construction phases.
- Therefore our product portfolio has less competition compared to other major players' product portfolios like Pidilite, Astral, etc.
- These major players enter the product segment which is already explored, but not in our case, we are in the untapped product segment which is driven by exponential growth.

## Competitive Strength

### *Comprehensive Product Portfolio*

Our suite of products includes a range of construction materials and chemicals such as concrete admixtures, tile adhesives & grout, waterproofing systems/products, concrete repairs, ready mix mortar, wall finishes and paints, anti-corrosive system/products, engineering grouts & industrial floors and concrete essentials. Our products are marketed and sold under the “MCON” brand.

### *Experienced Promoter and Senior Management Team*

Our Promoter, Mahesh Bhanushali has vast knowledge and experience of more than 14 years in modern building materials and construction chemicals manufacturing and sales. He has been the driving force in developing and growing our business. His understanding of the industry requirements, intuitive entrepreneurship, and involvement in key aspects of our business have helped accelerate and drive our profitable growth.

Our Executive Director Mr. Nandan Pradhan has a professional experience of more than 25 years and majority has been spent with Construction chemicals manufacturers. He has headed large organisations and driven them to Organic growth. His strong network in the Construction Industry and a diverse business experience adding on the knowledge of all modern technologies, software and latest global products gives Mcon Rasayan the edge in this competitive industry.

### ***Strategic location of manufacturing units***

We have two manufacturing units out of which one is situated at GIDC Sarigam, Valsad, Gujarat which are industrial belts which is a manufacturing hubs for various industries like chemicals, agrochemicals, pharmaceuticals, lubricants, food, edible oil, etc. Our other plant is situated at Chikli, Navsari, Gujarat. Our third plant is a Greenfield project under construction at Ambethi, Valsad, Gujarat, and will be operational by the end of FY 2023. These manufacturing plants are located near the river sand reserves to ensure cost effective production of the powder products and also located near the Financial Capital of India – Mumbai to give us access to the biggest market of this product.

### ***Diverse Customer Base***

We cater to the modern building and development requirements of our clients like developers, civil contractors, and architects. We have over the years established relationships with various clients and continue to serve them with our product offerings. We supply our products through market intermediaries like dealers and distributors to institutional customers like builders & developers and large civil & engineering contractors involved in the construction of civil, commercial, and infrastructure projects.

### ***In-house research and development of products***

We undertake in-house research and development for innovative products which help our clients in solving issues faced by them. We have created eight (8) innovative products in the past three (3) years either independently or in consultation with our clients.

In the current financial year, we have launched the following new products to our existing line of products:

- MCON CI 300: Corrosion Inhibiting Concrete Admixture - Bipolar corrosion inhibiting admixture in liquid form for reinforced concrete and mortar.
- MCON EPOXY SBA: Epoxy Adhesive for Segmental Bridge – This is a solvent-free thixotropic two-part epoxy adhesive for bonding prefabricated concrete bridge segments.
- MCON 2K EPOXY FG Paint - This is a two-component, epoxy-based food grade paint that is suitable for painting concrete/metal surfaces, including walls, which is safe to be used for containers which are used to store drinking water and other important ingredients.

---

### ***Quality Standard Certification & Quality Tests***

We have obtained ISO 9001, ISO 14001, and ISO 45001 for the management systems at our manufacturing facility at GIDC Sarigam, Valsad, Gujarat. Our products undergo stringent quality tests to meet industry standards before they are delivered to our clients. Wherever required by our clients, we obtain industry-standard test certificates from our suppliers for the raw materials used by us for specific products.

### ***Our Business Strategies***

#### ***a) Greenfield project for increasing our manufacturing capacity near Ambethi, Valsad, Gujarat.***

- Increase our market share and strengthen our position in the industry by setting up a Greenfield manufacturing plant at Ambethi, Valsad, Gujarat with a fresh capacity of 18,000 MTPA.
- The funding requirement for civil construction, purchase of plant and machinery, and other equipment for this expansion is Rs.8 crores and will be financed through internal accruals and borrowings from banks.

#### ***b) Further developing our institutional sales business***

- Intend to further expand our institutional sales business by developing relationships with large real estate developers, civil and infrastructure contractors, and government bodies such as MHADA and CIDCO.
- Expand our project dealer network by developing relationships with project dealers, and civil construction contractors who have specific requirements for each stage of development.

#### ***c) Geographical expansion of our distribution network***

- Already we have a presence in Maharashtra, Gujarat, and Rajasthan through 100 distributors and 1300 retailers indirectly.
- Intend to expand our product offerings across the country and overseas markets like Bangladesh where economic development is happening at a fast pace.

***d) Enhancing the visibility and reach of our brand “MCon”.***

- Having a multi-pronged branding, as well as marketing strategy, covering both retail and institutional markets.
- For better brand recall, we have created our brand mascot “Mr.M” and we market him as a solution provider to the Construction Industry.

***e) Expanding our sales and distribution network***

- Already have a presence in the western zone with presence in states like Gujarat, Maharashtra, and Rajasthan.
- Planning to enter states like Madhya Pradesh, Uttar Pradesh, Goa, and Karnataka.
- Proposed to expand our sales and distribution network after completion of a proposed manufacturing plant at Ambethi, Valsad, Gujarat.

## Indian Construction Chemical Industry-Proxy to India's Infrastructure & Real Estate Sector

### Length and Rate of Highway Construction in India

## NHAI- Projects awarded and completed (in Kms)

Source: - MoRTH submissions and CareEdge Research

- Indian construction chemical industry is directly linked to two major industries, i.e. infrastructure and real estate industry, therefore their growth is directly linked
- Since India is a developing country, therefore there is huge headroom for these industries to grow very well.
- In short, we can say Construction Chemical Industry is a **Proxy for Infrastructure and Real Estate sectors.**

### **Key Developments in Indian Infrastructure Space**

- In Union Budget 2021, to support initiatives such as ‘Housing for All’ and ‘Smart Cities Mission’, the government allocated Rs. 13,750 crores (US\$ 1.89 billion) to AMRUT and Smart Cities Mission.
- In March 2021, the Parliament passed a bill to set up the National Bank for Financing Infrastructure and Development (NaBFID) to fund infrastructure projects in India.
- The Infrastructure sector has become the biggest focus area for the Indian Government. India plans to spend US\$1.4 trillion on infrastructure during 2019-23 to have sustainable development of the country.
- India being a developing nation is set to take full advantage of the opportunity for the expansion of the infrastructure sector, and it is reasonable to conclude that India’s Infrastructure has a bright future ahead of it.

## Key allocation by Ministry of Housing and Affairs for FY2023

### **Key Developments in Real Estate Sector**

- FDI in the sector (including construction development & activities) stood at US\$55.18 billion from April 2000- September 2022.
- Between January-July 2022, private equity investment inflows into the real estate sector in India stood at US\$ 3.27 Billion.
- Home sales volume across seven major cities in India surged 113% YoY to reach 62,800 units in the third quarter of 2021, from 29,250 units in the same period last year, signifying a healthy recovery post the strict lockdown imposed in the second quarter due to the spread of COVID-19 in the country.
- The current shortage of housing in urban areas is estimated to be 10 million units. An additional 25 million units of affordable housing are required by 2030 to meet the growth in the country's urban population.
